12 STEPS & RECOVERY COACHING

Adversaries, Strangers or Friends?

THURSDAY, May 13, 2021 – 1:00 to 3:00 p.m. (EST)

Many recovery coaches have strong 12-Step backgrounds. How does this experience influence recovery coaching. In this webinar we will explore the pluses and pitfalls of 12-Step influence. CCAR Executive Director Phil Valentine will ask our panelists – 3 seasoned CCAR employees – good questions regarding the recovery coach role. Jennifer Chadukiewicz (Emergency Department Recovery Coach Manager), Barry Richardson (Emergency Department Recovery Coach) and Melissa McGee (Department of Correction Recovery Coach) will discuss their 12-Step background and how it has helped or hindered their journey to become Recovery Coach Professionals.

Participants in this webinar will:

- Understand the challenges of coaching when there is a personal bias towards a certain pathway/recovery definition
- How to better support others through their chosen recovery journey

This offering will be free to the public, but those individuals who would like to earn 2 CEUs will need to preregister and pay a nominal fee. Visit addictionrecoverytraining.org/12steps
